## Meeting Announcement - Wednesday, May 3, 2017

### **Topic: Integrated Lean Project Delivery (IPD)**

**Sponsor:** P&G, Proctor & Gamble

**Presenter:** Joseph A. Cleves, Jr.

**In conjunction with:** Lean Construction Institute Ohio Valley CoP (Community of Practice)

Session One – This session, entitled “**Integrated Lean Project Delivery**”, will focus on Integrated Project Delivery, what distinguishes it from traditional methodologies, and how lean practices support the delivery of IPD. We will take a particular look at the role of pull planning in the elimination of waste. (Session one will be our May AACE technical presentation & meal with Q&A at the conclusion. Please feel free to return to work, as your time permits).

Session Two (Optional) – This session, entitled “**Pull Planning through Simulation**”, will use simulation to illustrate the use of pull planning in construction. A particular focus will be demonstrating value of pull planning in the elimination of waste. (P&G would like to welcome you to stay and participate with them in this follow-up workshop training simulation.)

**When:** Wednesday, May 3, 2017
